DEFINITIONS

<u>Annuitant</u> – the natural person on whose life annuity payments for this Contract are based. Any reference to the Annuitant includes any joint Annuitant.

<u>Beneficiary</u> – the natural person or legal entity designated to receive any Contract benefits upon the Owner's death. The Contract allows for the naming of multiple Beneficiaries.

<u>Business Day</u> – each day that the New York Stock Exchange is open for business.

<u>Completed Year</u> – the succeeding twelve months from the date on which we receive a Premium payment. Completed Years specify the years from the date of receipt of the Premium and does not refer to Contract Years.

For example, if the Premium receipt date is other than the Issue Date or a subsequent Contract Anniversary, there is no correlation of the Contract Anniversary date and Completed Years. For example, if the Issue Date is January 15, 2025 and a Premium payment is received on February 28, 2025 then, although the first Contract Anniversary is January 15, 2026, Completed Year 0-1 for that Premium payment would begin on February 28, 2025 and end on February 27, 2026. Completed Year 1-2 for that Premium payment would begin on February 28, 2026.

<u>Contract</u> – the individual deferred variable and fixed annuity contract and any optional endorsements you may have selected.

<u>Contract Anniversary</u> – each one-year anniversary of the Contract's Issue Date.

<u>Contract Quarterly Anniversary</u> – each three-month anniversary of the Contract's Issue Date.

<u>Contract Value</u> – the sum of allocations between the Contract's Investment Divisions and Fixed Account Options.

Contract Year – the succeeding 12 months from a Contract's Issue Date and every anniversary. The first Contract Year (Contract Year 0-1) starts on the Contract's Issue Date and extends to, but does not include, the first Contract Anniversary. Subsequent Contract Years start on an anniversary date and extend to, but do not include, the next anniversary date.

For example, if the Issue Date is January 15, 2025, then the end of Contract Year 0-1 would be January 14, 2026, and January 15, 2026, which is the first Contract Anniversary, begins Contract Year 1-2.

<u>Fixed Account</u> – part of our General Account to which the Contract Value you allocate is guaranteed to earn a stated rate of return over the specified period. The Fixed Account consists of the Fixed Account Options.

<u>Fixed Account Option</u> – a Contract option within the Fixed Account for a specific period under which a stated rate of return will be credited.

<u>Fund</u> – a registered investment company in which an Investment Division of the Separate Account invests.

<u>General Account</u> – the General Account includes all our assets, including any Contract Value allocated to the Fixed Account, which are available to our creditors.

<u>Good Order</u> – when our administrative requirements, including all information, documentation and instructions deemed necessary by us, in our sole discretion, are met in order to issue a Contract or execute any requested transaction pursuant to the terms of the Contract.

<u>Income Date</u> – the date on which you begin receiving annuity payments.

<u>Investment Division</u> – one of multiple variable options of the Separate Account to allocate your Contract's value, each of which exclusively invests in a different available Fund. The Investment Divisions are called variable because the return on investment is not guaranteed.

<u>Issue Date</u> – the date your Contract is issued.

<u>Jackson of NY, JNLNY, we, our, or us</u> – Jackson National Life Insurance Company of New York. (We do not capitalize "we," "our," or "us" in the prospectus.)

<u>Market Value Adjustment</u> – an adjustment to the Contract Value allocated to the Fixed Account that is withdrawn, transferred, or annuitized before the end of the period. No Market Value Adjustment will be applied to value withdrawn, transferred, or annuitized from the GMAB Fixed Account Option.

<u>Owner, you or your</u> – the natural person or legal entity entitled to exercise all rights and privileges under the Contract. Any reference to the Owner includes any joint Owner.

Remaining Premium – total Premium paid into the Contract, reduced by withdrawals of Premium, including withdrawal charges, before withdrawals are adjusted for any applicable Market Value Adjustments or charges.

<u>Premium(s)</u> – considerations paid into the Contract by or on behalf of the Owner.

<u>Separate Account</u> – JNLNY Separate Account I. The Separate Account is divided into sub-accounts generally referred to as Investment Divisions.

	RISKS	Location in Prospectus
Risk of Loss	You can lose money by investing in this Contract.	Principal Risks
Not a Short-Term Investment	This Contract is not designed for short-term investing and is not appropriate for an investor who needs ready access to cash. Withdrawal charges apply for up to 5 years following your last Premium payment. They will reduce the value of your Contract if you withdraw money during that time. The benefits of tax deferral and living benefit protections also mean the Contract is more beneficial to investors with a long time horizon.	Principal Risks
Risks Associated with Investment Options	 An investment in this Contract is subject to the risk of poor investment performance and can vary depending on the performance of the investment options you choose. Each investment option (Investment Divisions and Fixed Account Options) has its own unique risks. Early withdrawals from a Fixed Account Option are subject to a Market Value Adjustment. You should review the investment options before making an investment decision. 	Principal Risks
Insurance Company Risks	Any obligations (including under the Fixed Account Options), guarantees, and benefits of the Contract are subject to the claims-paying ability of Jackson of NY. More information about Jackson of NY is available upon request by visiting our website at www.jackson.com or by calling 1-800-599-5651.	Principal Risks
	RESTRICTIONS	
Investments	 We reserve the right to charge \$25 for each transfer when you transfer money between Investment Divisions in excess of 25 times in a Contract Year. Jackson of NY may remove or substitute Funds as investment options available under the Contract, and may limit or suspend availability of the Fixed Account Options. 	Principal Risks
Optional Benefits	 Certain benefits may limit withdrawals or other rights under the Contract. Under certain benefits, a withdrawal could reduce the value of a benefit by more than the dollar amount of the withdrawal. Not all add-on benefits are available through all broker-dealers and may vary by date of purchase. We may modify or discontinue an add-on benefit at any time. Certain add-on benefits may come with investment restrictions or allocation requirements. 	Benefits Available Under the Contracts
	TAXES	
Tax Implications	 Consult with a tax professional to determine the tax implications of an investment in and purchase payments received under this Contract. If you purchase the Contract through a tax-qualified plan or individual retirement account (IRA), you do not get any additional tax deferral. Earnings on your Contract are taxed at ordinary income tax rates when you withdraw them, and you may have to pay a penalty if you take a withdrawal before age 59 ½. 	Taxes

	CONFLICTS OF INTEREST	
Investment Professional Compensation	Your financial professional or other investment professionals may receive compensation for selling this Contract to you in the form of commissions, revenue sharing, and other compensation programs. Accordingly, investment professionals may have a financial incentive to offer or recommend this Contract over another investment.	Distribution of Contracts
Exchanges	Some investment professionals may have a financial incentive to offer you a new contract in place of the one you own. You should only consider exchanging your Contract if you determine, after comparing the features, fees, and risks of both contracts, that it is in your best interest to purchase the new contract rather than continue to own your existing Contract. OVERVIEW OF THE CONTRACT

Q. What is this Contract, and what is it designed to do?

A. The Elite Access II Contract is intended to help you save for retirement or another long-term investment purpose through investments in a variety of investment options during accumulation phase. The Contract also offers death benefits to protect your designated Beneficiaries. Through the annuitization feature, the Contract can supplement your retirement income by providing a stream of income payments. The Contract also offers an optional living benefit that is designed to add a level of protection from market downturns in exchange for allocating a specific percentage of your Contract Value to the GMAB Fixed Account for a set period of time. This Contract may be appropriate if you have a long investment time horizon. It is not intended for people who may need to make early or frequent withdrawals or intend to engage in frequent trading in the Funds.

Q. How do I accumulate assets in the Contract and receive income from the Contract?

- **A.** Your Contract has two phases:
 - the accumulation phase, when you make Premium payments to us, and
 - the income phase, when we make income payments to you.

Accumulation Phase

During the accumulation phase, to help you accumulate assets, you can allocate your Premium payments to:

- a variety of Investment Divisions. Each Investment Division invests in a corresponding (mutual fund) Fund, each of which has its own investment strategies, investment adviser(s), expense ratios, and returns; and
- a variety of Fixed Account Options, subject to availability, which offer a guaranteed fixed interest rate for a specified period.

A list of Funds and additional information about the Funds in which the Investment Divisions currently invest is provided in Appendix A: Funds Available Under the Contract.

Income Phase

You can elect to annuitize your Contract and turn your Contract Value into a stream of fixed and/or variable income payments from us. (Variable payments depend on the performance of the Investment Divisions.) Currently, we offer income options that provide payments for (i) the life of the Annuitant(s), (ii) a specified period, or (iii) a combination of life and a specified period. We may offer other options, at our discretion, where permitted by state law. At the Income Date, you can choose to receive fixed payments or variable payments.

Please note that if you annuitize, your Contract Value will be converted to income payments and you may no longer withdraw money at will from your Contract. All add-on benefits terminate when you begin taking income payments.

Q. What are the Contract's primary features and options?

A. Accessing your money. Until you annuitize, you have full access to your money. You can choose to withdraw your Contract Value at any time (although if you withdraw early, you may have to pay a withdrawal charge, a contract maintenance charge, charges due under any optional endorsement, a Market Value Adjustment, and/or taxes, including tax penalties). Certain withdrawals could substantially reduce or even terminate the benefits available under the Contract.

Tax treatment. Your Premium payments accumulate on a tax-deferred basis. This means your earnings are not taxed until you take money out of your Contract, such as when (1) you make a withdrawal; (2) you receive an income payment from the Contract; or (3) upon payment of a death benefit.

Death benefits. Your Contract includes a Basic Death Benefit that will pay your designated Beneficiaries your Contract Value on the date we receive all required documentation from your Beneficiary. The basic death benefit is payable during the accumulation phase. You can purchase an optional add-on death benefit ("Return of Premium Guaranteed Minimum Death Benefit") under the Contract that provides additional death benefits for an additional fee. This add-on death benefit may increase the amount of money payable to your designated Beneficiaries upon your death.

Add-on benefits that occur during your lifetime. For an additional fee, you can purchase the Principal Guard Guaranteed Minimum Accumulation Benefit ("Principal Guard GMAB") that guarantees a minimum Contract Value at the end of a set period, regardless of the performance of the underlying investment options, subject to certain conditions. The Principal Guard GMAB requires a portion of your Contract Value be allocated to the GMAB Fixed Account Option for a set period of time, leaving you with less Contract Value to allocate to other Contract Options during that time period.

Some add-on benefits may provide significant incentives for not taking withdrawals. All add-on benefits terminate when you annuitize your Contract voluntarily or on the Latest Income Date. The Principal Guard GMAB terminates automatically at the end of the Guarantee Term.

Rebalancing. At no additional charge, you can arrange to have us automatically reallocate your Contract Value among Investment Divisions and the one-year Fixed Account Option (if currently available) periodically to maintain your selected allocation percentages. Certain restrictions apply.

Dollar Cost Averaging. Alternately, at no additional charge, you may select either (i) Dollar Cost Averaging, which automatically transfers a dollar amount or percentage of money periodically from the one-year Fixed Account Option or any of the Investment Divisions into the Investment Divisions and other Fixed Account Options, or (ii) Dollar Cost Averaging Plus (DCA+), which automatically transfers a dollar amount or percentage of money periodically from the DCA+ Fixed Account Option to Investment Divisions or other Fixed Account Options. Certain restrictions apply.

Earnings Sweep. At no additional charge, you can choose to move your earnings from the one-year Fixed Account Option, if currently available, and the JNL/Dreyfus Government Money Market Investment Division. Restrictions apply.

Maximum Total Premiums	\$1,000,000 (without prior approval)				
	Jackson of NY reserves the right to lower the maximum.

Q. When will my Premium payments be credited to my account?

A. We will issue your Contract and allocate your first Premium within two Business Days (days when the New York Stock Exchange is open) after we receive your first Premium and all information that we require for the purchase of a Contract. If we do not receive all of the information that we require, we will contact you to get the necessary information. If for some reason we are unable to complete this process within five Business Days, we will return your money.

Subsequent Premiums are allocated on the Business Day that the Premium is received. Each Business Day ends when the New York Stock Exchange closes (usually 4:00 p.m. Eastern time).

MAKING WITHDRAWALS: ACCESSING THE MONEY IN YOUR CONTRACT

Q. Can I access the money in my account during the accumulation phase?

A. Until you annuitize, you have full access to your money. You can choose to withdraw your Contract Value at any time (although if you withdraw early, you may have to pay a contract maintenance charge, charges due under any add-on benefit, a Market Value Adjustment, and/or taxes, including tax penalties).

You can have access to the money in your Contract by making a partial or total withdrawal or by electing the Automatic Withdrawal Program. Withdrawals will reduce the Contract Value of your Contract (including the amount of the death benefit). However, withdrawing the Contract Value of your Contract below a certain level will terminate your Contract.

Certain benefits may limit withdrawals under the Contract. Certain withdrawals could substantially reduce or even terminate the benefits available under the Contract.

Q. Are there limitations and consequences associated with taking money out of my Contract during the accumulation phase?

A. Yes. These limitations and consequences include:

Limitations on withdrawal amounts	The minimum withdrawal amount is the lesser of \$500 or, if less, the entire amount in the applicable Investment Division or Fixed Account Option. The minimum withdrawal is \$50 under the Automatic Withdrawal Program.
Charges, Market Value Adjustment, and taxes	As described above, when you take out money, there may be withdrawal charges, a contract maintenance charge, charges due under any add-on benefit, a Market Value Adjustment, and applicable taxes.
Negative impact of withdrawal on benefits and guarantees of your Contract	A withdrawal may have a negative impact on certain standard benefits or add-on benefits that you may elect. It may reduce the value of or even terminate certain benefits.

Q. What is the process to request a withdrawal of money from my Contract?

A. You can request a withdrawal from the Contract at any time before the Income Date. To request a partial or total withdrawal, you can send a written request in Good Order to one of the following addresses:

Regular Mail	Express Mail
P.O. Box 24068, Lansing, Michigan 48909-4068	1 Corporate Way, Lansing, Michigan 48951

Generally, for partial or total withdrawal requests received in Good Order before the end of the Business Day, we will process your request that day. If we receive your request in Good Order after the close of the end of the Business Day, your request will be processed the next Business Day. Generally, Jackson of NY will pay the withdrawal proceeds within seven days of a request in Good Order.

Q. Can I access the money in my account during the income phase?

A. The income phase of your Contract occurs when you begin receiving regular income payments from us. You can choose an income option and the date income payments begin (subject to a maximum age). All of the Contract Value must be annuitized. If you annuitize, you may no longer withdraw money at will from your Contract. However, under income options with a specified period, the Beneficiary may request a lump sum payment subject to a commutation fee.

APPENDIX A

FUNDS AVAILABLE UNDER THE CONTRACT

The following is a list of Funds (all Class A shares) available under the Contract, which is subject to change, as discussed in the prospectus. Certain broker-dealers selling the Contracts may limit the Investment Divisions that are available to their customers. You can find the prospectuses and other information about the Funds online at https://www.jackson.com/fund-literature.html. You can also request this information at no cost by calling 1-800-599-5651 or by sending an email request to ProspectusRequest@jackson.com.

The current expenses and performance information below reflects fees and expenses of the Funds, but does not reflect the other fees and expenses that your Contract may charge. Expenses would be higher and performance would be lower if these charges were included. Each Fund's past performance is not necessarily an indication of future performance.
